

**BioConsult SH** is based in Husum at the German North Sea. It consists of a team of conservation scientists and has been operating since 1998 as an independent ecological research consultancy. We compile expert environmental reports, principle protection concepts and feasibility studies on the basis of sound research with the aim to help resolve conflicts between Man and Nature.

BioConsult SH uses the high resolution digital aerial survey method HiDef to record seabirds and marine mammals.

## Seabird Identification Experts

We are looking for experienced ornithologists to identify seabirds on HiDef footage.

### Our expectations:

- Very good seabird identification skills (North Sea and Baltic)
- Good spoken English
- Reliability
- Good communication skills
- Fast internet connection

### We offer:

- (permanent) employment or freelance
- Flexible working hours
- Flexible work location
- International team
- Adequate salary

Did we catch your interest? We're looking forward to getting to know you! Please send us your application with information on possible start date and salary expectations via email to [bewerbung@bioconsult-sh.de](mailto:bewerbung@bioconsult-sh.de) (< 5MB).
